Dear Doctor Falconer:-

On behalf of the Executive Committee of the above Society, I am writing to ascertain whether it would be convenient for you to address the members at our next meeting, which is to be held in the Canadian Foresters' Hall, College Street, on the evening of Thursday, June 10th, 1915.

I may say, that as its name implies, this organization is typically Scottish, and a talk with reference to the country, its people and characteristics, by you, would be very much appreciated.

Thanking you in anticipation, and hoping for a favorable reply.

Yours faithfully,

D. J. S. Ballantyne,
Secretary.

Dear Mr. Ballantyne:

It makes no difference to me to have the date of addressing the Caledonian Society deferred. I hardly wish, however, to make definite arrangements for the second week of September, because my movements are doubtful. If you will correspond with me in August I will be able to let you know definitely.

Yours sincerely,

President.
